

Life Member By-Law

Becoming a life member of the Ulverstone rowing Club is the Highest Honour the club can bestow on a member for their service to the club.

The principle of this honour is to recognise enduring and highly valued contributions to the Club's growth and success by the nominated member.

The practical benefits extend to the waiver of future membership fees (apart from the Rowing Tasmania obligatory costs if still rowing). An invitation to the AGM where they are entitled to speak and vote, an invitation to the Annual Dinner without cost and a continued inclusion in the clubs activities.

This service may be both on and off the water.

The duration of service is an important factor but in no way a set factor.

Their name will be entered on the honour board in the clubrooms.

A submission to award this honour can be made to the committee by any member describing the merits of the member. The submission will be considered by the committee.

The honour can then be bestowed at the following Annual Dinner.
